

Supernatural Skin.

REAL IS THE NEW RADICAL. JUST ASK THE MIRROR.

INTELLIGENT NUTRIENTS
CERTIFIED ORGANIC HEALTH AND BEAUTY.

NO-COMPROMISE SKINCARE

Can a skincare product be certified organic and *actually* work?

This is not a rhetorical question.

For years, there have been two choices:

1. Feel-good, do-little naturals without results.
2. Don't-ask, don't-tell conventional products that work by any means necessary — *not all of it pretty.*

BEHOLD.

We've advanced plant research & development into new realms. The results prove it — in clinical studies, in testing and on our faces.

Get compliments without compromises.

SKIN RESPONDS TO LIFE.
JUST LIKE WE DO.

Stress, eating habits, weather, flying, late nights
– all call for a tweak in the day's regimen.

CUSTOMIZED SKINCARE

Un-routine your regimen.

Intelligent Nutrients skincare is not a 1-2-3 solution but a customizable palette for feeding skin what it needs today.

PLANT STEM CELL SCIENCE® NOURISHING TONIC

Quenches. Calms. Alcohol-free nourishment you feel. Immerse your cells in the reparative powers of plant stem cells and marine bioactives. The red, dull or dry is replaced by a glow — reinforcing the skin's own barrier, too. A daily must for needy skin, it's an ideal regimen add-in for skin affected by flying, insomnia, seasonal change or other trying times.

Is your anti-aging *aging* you?

Many conventional ingredients deliver in the short-term — but deep down they set off a cycle of inflammation overdrive. Aggressive treatments often create sensitivity, vulnerability and even thin skin. Meaning: more damage, less self-help, more aging over time.

PLANT RETINOL SCIENCE™
**TIME TRAVELER
SERUM™**

Fades. Stimulates cells. Turn back the clock to gorgeous, glowing, smooth and even skin. This silky serum glides on and sinks in to fuel cell turnover and regeneration while diffusing the appearance of dark spots.

As time passes, skin renews itself less often and loses its elasticity, resulting in wrinkles and dark spots. Our powerful plant retinols & algae bioactives kickstart aging skin cells while certified organic Intellimune® Complex and gogi berry offer long-term antioxidant protection.

OUR COMMITMENT

Sustainable skin.

Take care of your skin and it takes care of you. Healthy, vibrant longevity for skin is for life — and for planet. It's all connected.

So our nature-based, non-toxic formulas begin with plant ingredients harvested without toxic pesticides, fungicides or herbicides. But that's just the beginning:

Lab-cultivated plant stem cells save 1,000 tons of water per kilo of ingredients, eliminate the carbon inputs of agriculture and reserve farm land for sustainable food growth.

Jojoba beads do all our scrubbing — not the plastic microbeads that pollute water, disrupt the food chain and create mutated fish.

Our marine ingredients are sustainably sourced. Dives per year and divers per dive are limited to preserve habitats and sea ecosystems — and never use toxic chemicals, heat or harsh solvents.

Looking good has to be good for you. And just *good*. Period.

Sea algae bioactives.

You don't need countless chemicals for results. Just the curiosity to go deeper. Leagues deeper.

Our series of sea algae bioactives are remarkably effective at combating the major skin sins — hyperpigmentation, dullness and the slow collagen that ends up in sags, bags, lines and wrinkles.

Intellimune® Antioxidant Super Seed Complex.

Cold-pressed to maximize potency, two spoonfuls deliver the antioxidant power of 10 lbs of seeds from fresh berries*, plus omega fatty acids.

Pollution, UV rays, stress lead to a misdirected immune system that attacks healthy skin cells, showing up as redness, puffiness, wrinkles and sags. Intellimune® combats free radicals, supporting healthy cell development.**

BLACK CUMIN SEED (*Nigella Sativa*)

Helps boost immune system & fights inflammation

CRANBERRY SEED (*Vaccinium Macrocarpon*)

Highly moisturizing with omega-3, 6 & 9 fatty acids, vitamin E

PUMPKIN SEED (*Cucurbita Pepo*)

Rich source of skin-loving omega-6 fatty acids & potassium

RED GRAPE SEED (*Vitis Vinifera*)

More powerful than vitamin E

RED RASPBERRY (*Rubus Idaeus*)

High in omega-3 & 6 fatty acids to help repair and condition
